

NOTICE TO PARENTS, TEACHERS, AND EMPLOYEES OF THE PULASKI COUNTY BOARD OF EDUCATION

On October 22, 1986, the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519) was signed into law. The law required EPA to develop regulations, which provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. On October 30, 1987, EPA published the Asbestos-Containing Materials in Schools Rule [40 CFR Part 763 Subpart E]. This Rule requires all public and private elementary and secondary schools to inspect for friable and non-friable asbestos, develop asbestos management plans that address asbestos hazards in school buildings, and implement response actions in a timely fashion.

To carry out the above activities involving inspections, management plans, and response actions the Pulaski County Board of Education has utilized accredited personnel. On April 30, 1987, EPA published the Model Accreditation Plan [40 CFR Part 763 Appendix C to Subpart E] required by AHERA, which specifies training, examination, and other requirements for persons who inspect, develop management plans and design or conduct response actions in schools. The Model Plan became effective on June 1, 1987.

The Pulaski County Board of Education retained Barry W. Cooper, Inc., a firm that completed the required re-inspection to locate asbestos-containing building materials (ACBM) and developed and submitted to the State of Kentucky an Asbestos Management Plan update that includes the results of the re-inspections. The facilities will once again inspected in Spring of 2019.

Copies of the management plan are always available for review for those interested persons at the Administration Office at 925 N. Main St., Somerset, KY and at the Administrative Office at each School any time during normal office hours.

Copies are available for duplication at a cost of 25 cents for each 8-1/2x11 page of the Asbestos Management Plan.

Patrick Richardson, Superintendent
Pulaski County Board of Education

Inspections & Management Plan Performed By:

Effective Date: April 2019

BARRY W. COOPER, INC.
