

Michael Gregg, Principal

Lisa Hall, School Counselor

Dear Parents/Guardians,

Beginning on Wednesday May 1 through Tuesday May 7, students in grades three through five at our school will be taking our yearly spring K-PREP Test (Kentucky Performance Rating for Educational Progress). As parents/guardians and partners in your child's education, we are asking you to help your child be able to do his/her best by doing the following:

- Please make sure your child is in bed at night at the regular bedtime. A good night's sleep is the beginning of a good day!
- Be sure your child eats breakfast either at home or at school (or both!).
- Discuss each day's test with your child. This helps the child to understand that testing is important and gives our school and staff valuable information.
- Make an extra effort to make sure your child is present every day and on time especially during our testing days. Please try to schedule appointments in the afternoons or reschedule for a later date. Make-up testing is difficult on the child and regular learning time is lost.

This year, teachers will be completing a Good Faith Effort Checklist each day for every student. The students are expected to have perfect attendance, use time wisely, answer every question, focus, check, and show work, use pre-writing tools, and remain quiet when finished. By following these expectations, students will participate in the special activities planned to reward students for their efforts on Good Faith Effort Day.

We will receive student results from this assessment in October and will send individual progress reports home at that time. Thank you in advance for your cooperation and concern for your child's education!
